

1961 *Chevrolet* CORVAIR PASSENGER AND COMMERCIAL VEHICLE SHOP MANUAL

• FOREWORD

This manual is designed to provide the service man with complete information on the maintenance and repair of various units of the 1961 Chevrolet Corvair Passenger and Commercial Vehicles.

An effort has been made to produce a manual that will not only serve as a ready reference book for the experienced service man but also cover step-by-step procedure for the guidance of the less experienced man.

The Section Index on the title page enables the user to locate quickly any desired section. At the beginning of each section, a Table of Contents gives the page number on which major subjects begin. An Index is placed at the beginning of each major subject within the section.

Within each section, service information applicable to Corvair passenger vehicles is included in its entirety and is followed by a description of operations which differ for the Corvair Commercial vehicles.

Summaries of Special Tools are found at the end of each major section, while Specifications covering vehicle components are presented in Section 12.

This manual should be kept in a handy place for ready reference. If properly used, it will enable the mechanic to better serve the owners of Chevrolet Corvair vehicles and thereby build or maintain a reputation for reliable service.

All information, illustrations and specifications contained in this literature are based on the latest product information available at the time of publication approval. The right is reserved to make changes at any time without notice.
