

**MARK SCHEME for the October/November 2013 series**

**4024 MATHEMATICS (SYLLABUS D)**

**4024/22**

Paper 2, maximum raw mark: 100

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes should be read in conjunction with the question paper and the Principal Examiner Report for Teachers.

Cambridge will not enter into discussions about these mark schemes.

Cambridge is publishing the mark schemes for the October/November 2013 series for most IGCSE, GCE Advanced Level and Advanced Subsidiary Level components and some Ordinary Level components.

Federal Register ,2013-10 Disqualification of Company Directors Jean Jacques du Plessis, Jeanne Nel de Koker, 2017-04-28 This book provides a clear overview of the legal rules relating to directors disqualification in Australia Germany South Africa the UK and the US and to highlight the differences in the disqualification regimes of these jurisdictions The book seeks to determine whether disqualification on application should be developed further as a corporate law and corporate governance tool to ensure that individuals who have a proven record of posing a particular risk to the business community shareholders and creditors are indeed disqualified from being directors The book is unique as it provides a single source where the disqualification regimes of all these jurisdictions are explored and compared The book will appeal to scholars of corporate law regulators and policy makers The book will also be of particular interest to senior managers and directors to determine precisely what the laws regarding disqualification of company directors are and what type of behaviour might expose them to potential disqualification Recent Trends in Image Processing and Pattern Recognition K. C. Santosh, Ravindra S. Hegadi, 2019-07-15 This three book set constitutes the refereed proceedings of the Second International Conference on Recent Trends in Image Processing and Pattern Recognition RTIP2R 2018 held in Solapur India in December 2018 The 173 revised full papers presented were carefully reviewed and selected from 374 submissions The papers are organized in topical sections in the three volumes Part I computer vision and pattern recognition machine learning and applications and image processing Part II healthcare and medical imaging biometrics and applications Part III document image analysis image analysis in agriculture and data mining information retrieval and applications

Economic Integration in Africa Richard E. Mshomba, 2017-10-12 In this work Richard E Mshomba offers an in depth analysis of economic integration in Africa with a focus on the East African Community EAC arguably the most ambitious of all the regional economic blocs currently in existence in Africa Economic Integration in Africa provides more than just an overview of regional economic blocs in Africa it also offers a rich historical discussion on the birth and death of the first EAC starting with the onset of colonialism in the 1890s and a systematic analysis of the birth growth and aspirations of the current EAC Those objectives include forming a monetary union and eventually an East African political federation This book also examines the African Union's aspirations for continent wide integration as envisioned by the Abuja Treaty Mshomba carefully argues that maturity of democracy and good governance in each country are prerequisites for the formation of a viable and sustainable East African federation and genuine continent wide integration **Tax Court Reporter: Current**
