

Craniosacral Therapy

Don Cohen

Craniosacral Therapy:

CranioSacral Therapy: What It Is, How It Works, 2008-04-29 With the troubling side effects and surging costs of medications and surgery Americans are increasingly turning to CranioSacral Therapy as an effective drug free and non invasive therapy A gentle hands on method of evaluating and enhancing the function of the craniosacral system the membranes and cerebrospinal fluid that surround and protect the brain and spinal cord CST boosts the body s natural healing processes and has proven efficacious for a wide range of medical problems from migraines learning disabilities and post traumatic stress disorder to fibromyalgia chronic neck and back pain and TMJ This book provides a broad introduction to this therapy by way of short pieces written by a number of well known practitioners or experts In addition to pioneer John E Upledger contributors include Richard Grossinger Planet Medicine Don Ash Lessons from the Sessions Don Cohen An Introduction to Craniosacral Therapy and Bill Gottlieb Alternative Cures Each selection covers a different aspect of CST what it is what it does how it heals what the practitioner does during a CST session CST s relationship to cranial osteopathy and other healing therapies as well as other topics of interest to the beginner

Craniosacral Therapy and the Energetic Body Roger Gilchrist, 2006-08-11 This useful book discusses craniosacral therapy s history and present situation as well as its spiritual implications and practical contributions in the world of healthcare Gilchrist demonstrates how the subtle patterns of this practice become a dynamic force in the body and how this influences overall functioning What most sets the book apart is Gilchrist s discussion of the relationship of the craniosacral system and biodynamic functions to the human energy system Though dealing with a complicated topic the book provides a grounded progressive approach that is both specific and insightful

Alternative Medicine Dónal O'Mathúna, 2006 Easy to use this thoroughly revised and expanded edition of Alternative Medicine keeps pace with the latest findings and developments in alternative medicine Here is the most comprehensive current well balanced and trustworthy information available from both a scientific and a biblical perspective

An Introduction to Craniosacral Therapy Don Cohen, 1996-02-14 Grounded in ancient hands on methods of diagnosis and treatment while encompassing the innovations of the early experimental osteopaths craniosacrally based treatment is now one of the most successful and fastest growing approaches to mind body healing Providing access to the unity of structure and function in the organism such therapy offers a simple direct and non dogmatic means for tapping the body s inherent intelligence in a fluid and spontaneous way We should not presume that the techniques in this book deal solely with the bones of the cranium the spine and the lower back The craniosacral system is no less than the structural aspect of the central nervous system Its methods originate in neural behavior and emotional energy and include their manifestations throughout the tissues and organs of the body Both a medical system with precise anatomical criteria and a therapeutic art requiring a practitioner to feel interpret and move energy modern craniosacral therapy offers a unique way to perceive and influence the structural configuration of the brain itself in its relationship to the body s architecture

Cranial

Manipulation Leon Chaitow, 2005-01-01 This expertly authored book is a valuable clinical manual for therapists interested in cranial manipulation a fast growing area of manual therapy practice The new edition presents the latest thinking on the use of this valuable approach supported by the most up to date research evidence related to its use Osteopathic biomechanical and biodynamic concepts are thoroughly examined in addition to chiropractic and dental approaches involving cranial and cranio facial manipulation The book s unique approach explores both soft tissue and osseous applications and provides guidance on which option to select in different clinical situations Descriptions and explanations of techniques are supported by high quality illustrations a CD ROM containing actual video demonstrations and practical exercises integrated within the text Cranial osteopathic cranio sacral sacro occipital chiropractic cranio facial and dental methods and perspectives are explained and compared Evidence based coverage highlights the clinical relevance of the latest research findings Both osseous and soft tissue assessment and treatment options and offers guidance on appropriate selection Clear line drawings supplement the text Important discussions of theory support guidelines for putting concepts into practice Numerous exercises on palpation assessment and treatment allow the reader to practice techniques and check their understanding as they go Written by one of the most highly respected practitioners in the field A companion CD ROM contains the entire text as well as video segments demonstrating how to perform the technique Icons in the text direct readers to video footage on the CD ROM that demonstrates the technique as it s described Expanded information is provided on the use of this technique with children A question and answer format has been incorporated into several chapters A new chapter addresses conditions most commonly treated successfully with this technique New two color design clarifies the illustrations and makes the text easy to follow New contributed chapters discuss the scope of cranial work the biodynamic model of osteopathy in the cranial field chiropractic in the cranial field the link between cranial dysfunction and the teeth from a dental perspective

Your Inner Physician and You John E. Upledger, 1997-09-04 This lively book describes the discovery and therapeutic value of the craniosacral system in easy understandable terms healthcare professionals and laypeople alike can understand Dr Upledger s colorful case histories explain the path that led to his discovery of this exciting medical modality The book contains a play by play account of the development of CranioSacral Therapy SomatoEmotional Release and other concepts and techniques It s recommended reading for therapists patients caregivers and anyone interested in understanding how therapy performed on the craniosacral system can improve the quality of life

Biodynamic Craniosacral Therapy, Volume Three Michael J. Shea, Ph.D., 2010-11-30 Dr Michael J Shea s series on Biodynamic Craniosacral Therapy is based on healthcare providers physically sensing love and accessing a deep sense of warmth and stillness in the heart He begins this third volume by emphasizing the therapeutic application of touch therapy skills As in the previous two books he teaches these skills by explaining the importance of practitioners being able to perceive Primary Respiration a slow rhythmic tidal movement in the fluids of the body He goes on to discuss the distinctive

influence of human embryology on any therapeutic modality A number of other experts in the field contribute chapters that illuminate the spiritual and psychological dimensions of human embryonic development especially the heart Dr Shea offers valuable new skills for anyone from midwives to pediatricians working therapeutically with infants In addition he summarizes current thinking on infant brain development discusses the long term consequences of attachment issues between the mother and infant and explores the importance of understanding the similarities of the mother infant and the therapistpatient relationships

Biodynamic Craniosacral Therapy, Volume Four Michael J. Shea, Ph.D.,2012-04-17 Interest in craniosacral therapy has exploded in recent years not surprising given its gentle effective approach to working on the spine and the skull and its cranial sutures diaphragms and fascias The treatment focuses on the 92 percent of the human body composed of living water rather than the eight percent that most therapies address Building on the previous books which explored underlying principles differentiating the components of the practice and combining theory and practice this volume illustrates the evolution of craniosacral therapy over the past 30 years More than 50 hand positions are presented in detailed photographs many with multiple views each of which can be used immediately and effectively Additional chapters focus on the correct use and boundaries of the therapist s hands a precise sequence to follow when practicing biodynamically and working with the therapist s perception of the therapeutic process Written for practitioners in the fields of massage mental health complementary and alternative medicine and chiropractics this book like the others in the series is equally useful read on its own or in sequence

CranioSacral Therapy: Touchstone for Natural Healing John E. Upledger,2001-05-31 In CranioSacral Therapy Touchstone for Natural Healing John E Upledger DO OMM recounts his development of CranioSacral Therapy He shares poignant case studies of restored health a five year old autistic boy a man with Erb s palsy a woman with a fifteen year history of severe headaches and numerous others And he offers simple CranioSacral Therapy techniques you can perform at home on yourself or loved ones
