s Book is a portrait of the space between things whether they be neurons quotations comic book frames or fragments in a
collage This twenty year project is an artist s book that juxtaposes quotations and images from hundreds of artists and
writers with the author s own thoughts Using Adobe InDesign for composition and layout the author has structured the book
to show analogies among disparate texts and images There have always been gaps but a focus on the space between things is
virtually synonymous with modernity Often characterized as a break modernity is a story of gaps Around 1900 many

independent strands of gap thought and experience interacted and interwove more intricately Atoms textiles theories women Jews collage poetry patchwork and music figure prominently in these strands The gap is a ubiquitous phenomenon that crosses the boundaries of neuroscience rabbinic thinking modern literary criticism art popular culture and the structure of matter This book explores many subjects but it is ultimately a work of art
