A Life of Ups and Downs and Twist and Turns of a Hispanic Family Ruben Garcia,2019-11-20 The family unit as we know it is disintegrating before our eyes Why is this an alarming problem Because it is the family unit that shapes and molds us into the individuals that we are today In this book I try to share with you not only my triumphs and successes but my hardships and failures as well Born into an Hispanic family life has given me a unique perspective of the world around us It has engulfed me with the good and bad of what our society has to offer On the negative side I have tried to dismiss the stereotyping that unavoidably is attached to my race I have tried to overcome the prejudices that still linger today On the positive side I have learned to appreciate and respect the wonderful customs and traditions that my culture permeates As an adolescent my parents instilled in me the value of growing up in the Catholic faith As an athlete my father taught me the value of hard work grit and determination As a teacher my brother Doug taught me the value of shaping and molding the minds of our youth As a coach I learned the values of being a man of integrity adhering always to a code of moral conduct Be a man of your word my father would always tell me Be a role model and be willing to lead by example As a senior citizen I have learned to appreciate the life that God has blessed me with I ask you now what defines you as an individual How do you react to the ups and downs in your life How will you navigate the twists and turns that life drops at your doorstep Go forth and make a difference in the world
