Short Answer:

You will only need to choose one to answer on the test.

- 1. List all nonrenewable energy resources. Give me the pros and cons for each resource.
- 2. List all renewable energy resources. Give me the pros and cons for each resource.
- 3. What do the three R's mean and what are some ways we can conserve natural resources by using those three R's?
- 4. If you were trying to come up with a plan for conserving energy for your house, what kind of rules would you put into place for all of the members of your house?
 - *Think about lighting, water usage, air condition/heat settings, etc.
 - *You can also incorporate installing renewable energy resources. If you wanted to do that, which of these would you install?
