Markvart, L. Castaner, 2003-10-30 This handbook opens with an overview of solar radiation and how its energy can be tapped using photovoltaic cells Other chapters cover the technology manufacture and application of PV cells in real situations The book ends by exploring the economic and business aspects of photovoltaics **Thermal Comfort Assessment of Buildings** Salvatore Carlucci, 2013-05-24 A number of metrics for assessing human thermal response to climatic conditions have been proposed in scientific literature over the last decades They aim at describing human thermal perception of the thermal environment to which an individual or a group of people is exposed More recently a new type of discomfort index has

been proposed for describing in a synthetic way long term phenomena Starting from a systematic review of a number of long term global discomfort indices they are then contrasted and compared on a reference case study in order to identify their similarities and differences and strengths and weaknesses Based on this analysis a new short term local discomfort index is proposed for the American Adaptive comfort model Finally a new and reliable long term general discomfort index is presented It is delivered in three versions and each of them is suitable to be respectively coupled with the Fanger the European Adaptive and the American Adaptive comfort models

Intelligent Buildings: An Introduction Derek

Clements-Croome,2013-10-08 This book introduces the concept of Intelligent Buildings to the wider construction community Edited by the Father of Intelligent Buildings Derek Clements Croome the book explains that intelligent buildings should be sustainable healthy technologically aware meet the needs of occupants and business and should be flexible and adaptable to deal with change This means the processes of planning design construction commissioning and facilities management including post occupancy evaluation are all important Buildings comprise many systems devised by many people and yet the relationship between buildings and people can only work satisfactorily if there is an integrated team with a holistic vision

Getting to Grips with BIM James Harty,Tahar Kouider,Graham Paterson,2015-12-14 With the UK government s 2016 BIM threshold approaching support for small organisations on interpreting filtering and applying BIM protocols and standards is urgently required Many small UK construction industry supply chain firms are uncertain about what Level 2 BIM involves and are unsure about taking first steps towards having BIM capability As digitisation increasingly impacts on work practices Getting to Grips with BIM offers an insight into an industry in change supplemented by practical guidance on managing the transition towards more widespread and integrated use of digital tools to manage the design construction and whole life use of buildings

The New Walford Guide to Reference Resources Ray Lester,2005 The New Walford highlights the best resources to use when undertaking a search for accurate and relevant information saving you precious time and effort For those looking for a selective and evaluative reference resource that really delivers on its promise look no further In addition to print sources The New Walford naturally covers an extensive range of e reference sources such as digital databanks digital reference services electronic journal collections meta search engines networked information services open archives resource discovery services and websites of premier

organizations in both the public and private sectors But rather than supplying a list of all available known resources as a web search engine might The New Walford subject specialists have carefully selected and evaluated available resources to provide a definitive list of the most appropriate and useful With an emphasis on quality and sustainability the subject specialists have been careful to assess the differing ways that information is framed and communicated in different subject areas As a result the resource evaluations in each subject area are prefaced by an introductory overview of the structure of the relevant literature This ensures that The New Walford is clear easy to use and intuitive Publisher *The British National Bibliography* Arthur James Wells,2006
